

Teacher Interview Questions
Digital Storytelling Project
Stacy Behmer

1. Tell me why you chose to have student work with digital storytelling.
2. What steps are the students taking to create a digital story?
3. Explain some challenges that you have had while working on this project with students?
4. What have you learned while working on this digital story project with students?
5. How is this different from other assignments you have done?
6. Explain the best part of this project or what you have enjoyed the most.
7. Explain why you would or would not want to create another digital story.
8. How would you change your instruction or the lessons if you were to do this project again in your classroom?
